Protect Your Personal & Banking Information

The Boulevard FCU would like to make you aware of the multitude of scams and fraud in the public sphere. If you ever encounter anything that seems suspicious, its best practice not to provide your information.

E-Mail Scams

Do not reveal any of your personal or financial information in email, and do not respond to email solicitations for this information

Debit & Credit Card Scams

Protecting your debit and credit card information is more than keeping your wallet safe. Don't provide your account numbers to anyone you do not know.

Phone Scams

Be suspicious of unsolicited phone calls, visits, or email messages from individuals asking for your banking information.

Bitcoin and Gift Card Scams

It is best practice to contact the Credit Union before sending money to anyone. If the IRS, a collection agency, a bail bondsman, or any other agency using bit coin, venmo, paypal, checks, or gift card payments, ask you to make direct payments to them using unconventional methods, please contact the credit union before sending funds.

Fake Job Scams

If you are hired and are sent a check you must deposit, and send money back, wait until the check is cleared before sending any funds. Scammers often times will provide a fake check that will bounce

Third Party Money Processors

There are many third-party processors designed to make it easy to send money from one person to another. Never send money to a person or entity you do not know. If a company is asking you to send a payment using one of these third-party processors, make sure that they are who they claim. Many times, a fraudster will pretend to be a utility company or another entity and fraudulently take your money.
